

# Richland Elementary School's Parking Maps

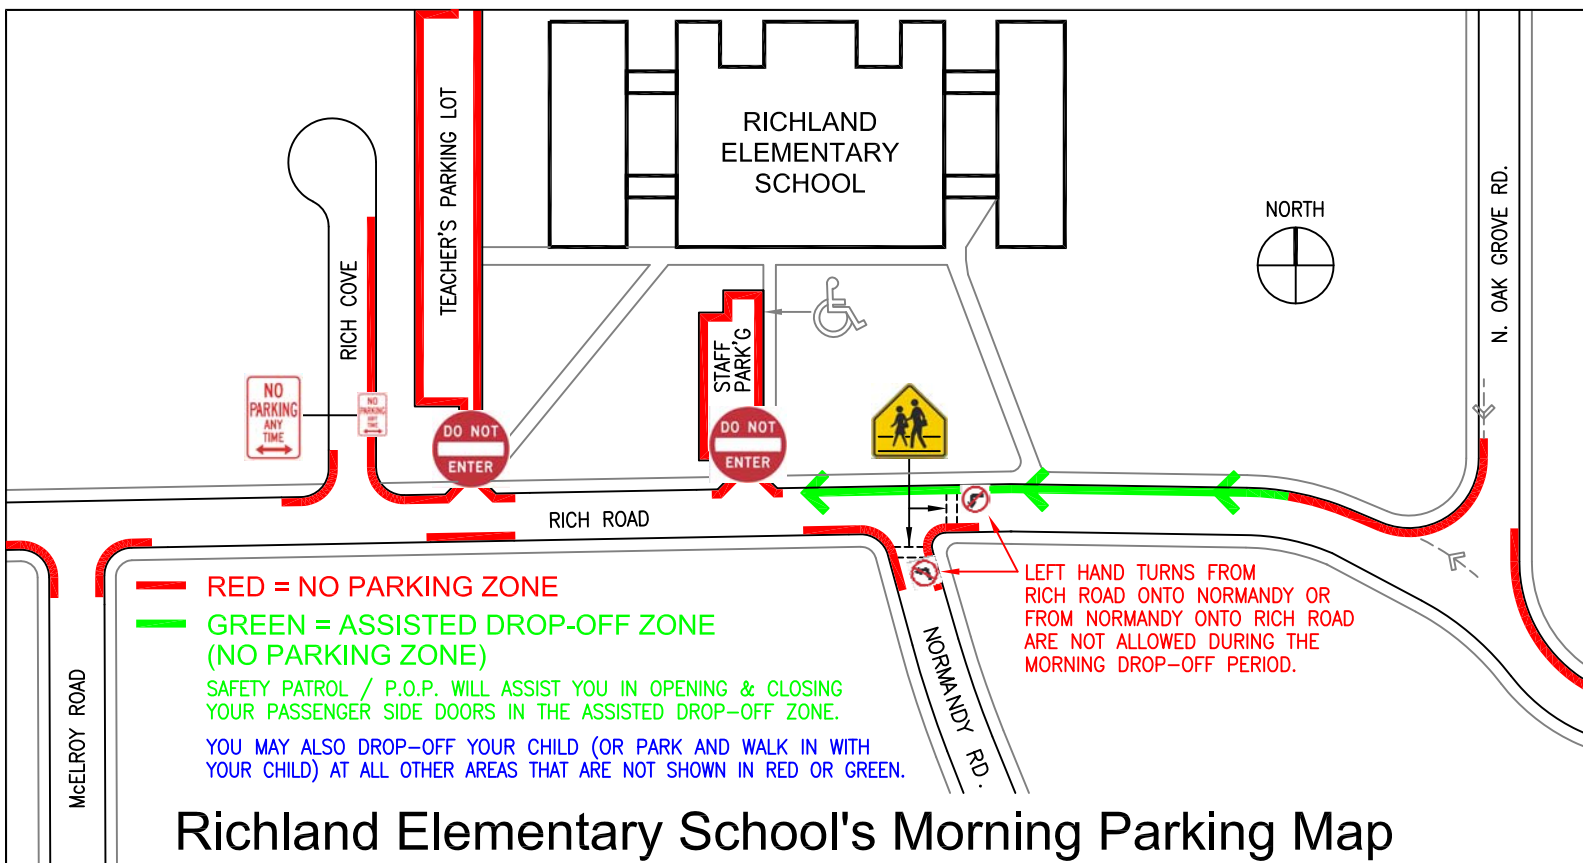

Please take a moment to study the two maps below that detail the no parking zones and morning drop-off zone located in front of the school. The maps are to facilitate the dropping-off and picking-up of students. We ask that you follow the directions of the Richland's Safety Patrol, Parents On Patrol (POP), and our crossing guard since their job is to maintain an orderly flow of traffic while providing a safe environment for your children.

In order to make the mornings and afternoons more pleasant for everyone, we ask that you be conscious of the following safety rules. We ask that you always:

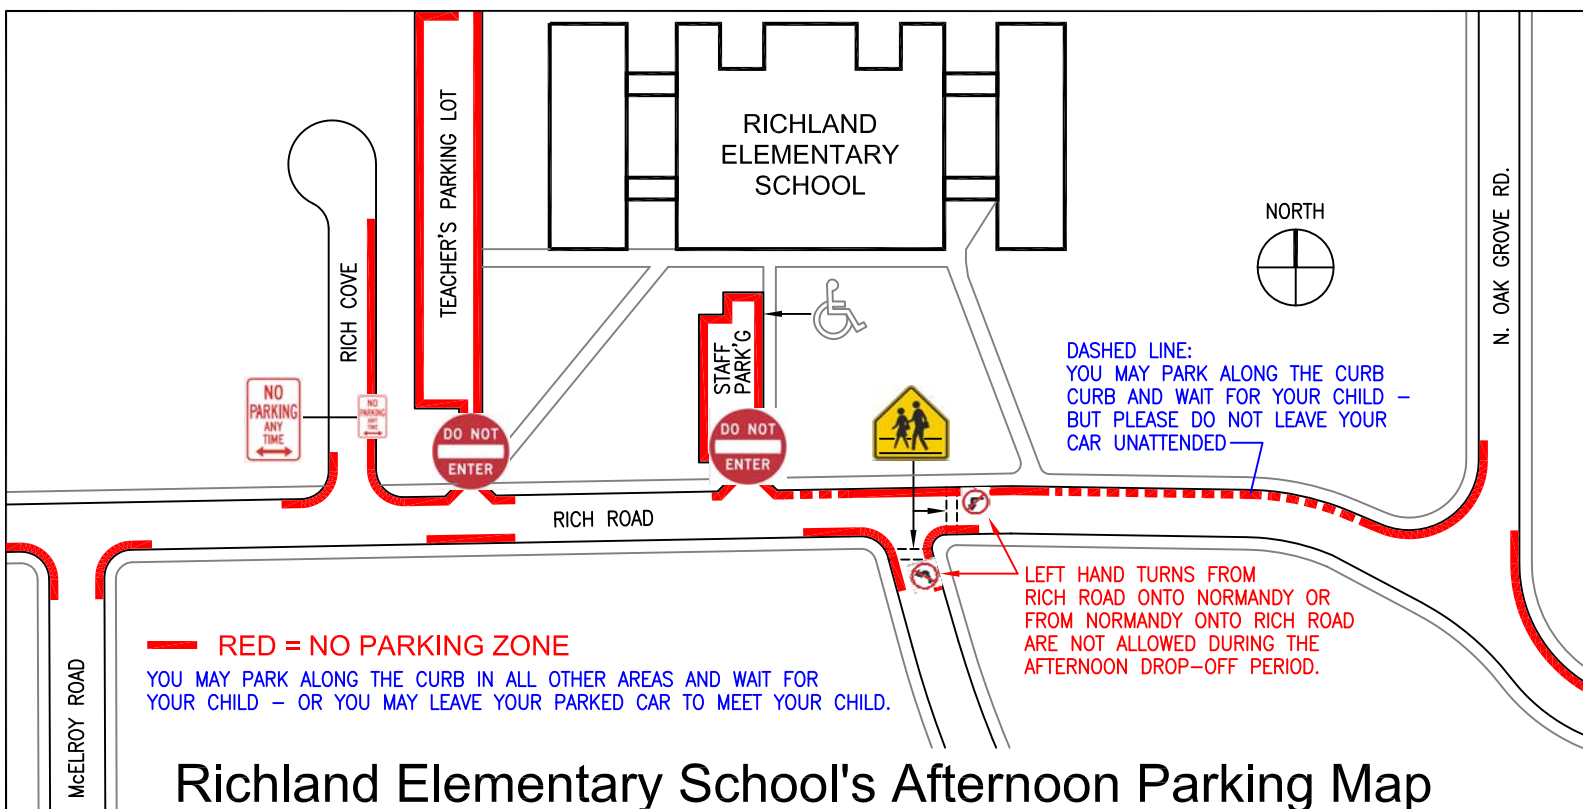

- \* in the morning drop-off zone be prepared to exit the car quickly in order to keep traffic flowing;
- \* pull over to the curb before allowing your child to get out of the car;
- \* obey Safety Patrol, Parents On Patrol, and our crossing guard;
- \* have the children exit the car from the passenger side only;
- \* cross the street only at the designated cross walks;
- \* be cautious in and around moving cars;
- \* obey "no parking" signs;
- \* walk on the sidewalks.

Thank you for your cooperation!
