**Re-thinking School Fundraising**

Instead of receiving only 40% of total fundraising sales for cookie dough, wrapping paper, etc., Richland has embraced the concept of a capital campaign since 2012. Our 2015 Campaign raised over \$40,000 that the PTO invested right back into Richland! 100% of your cash donation goes directly to Richland and your student.

The class with the highest participation rate (by percentage) will receive a celebration party at the end of the Capital Campaign. Above are the uniform approved spirit wear items the child will receive in appreciation for your donation. Thank you in advance for your generosity!
